

KYUNG-IN

PRECISION MACHINERY CO.,LTD

Greetings

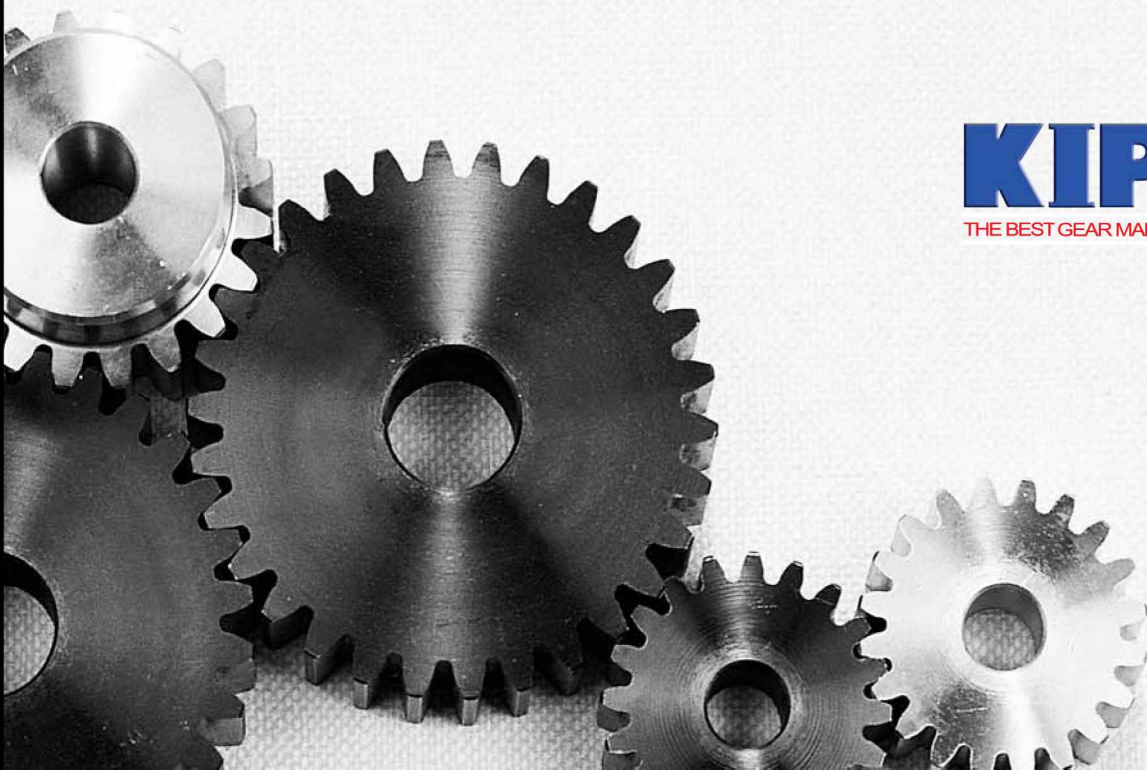

Thank you for your interest in KIP. KIP is one of the world leading innovators in manufacturing and designing of gears and gear boxes for steel, cement, fossil oil industry, mining and various machineries.

KIP is not only one of the oldest gear and reducer manufacturers, but also one of largest gear and gear box exporters in Korea. Since 1967, KIP has been producing high-precision gears and gear boxes for various industries. KIP is capable of producing any kind of gear and gear box with excellent quality, short delivery time and reasonable price according to customers requirements.

Our distinguished manufacturing technology makes it possible to produce gear reducers of high efficiency, low noise and long durability. Whether your need is for a new gear box, replacement, or you wish to improve your existing gear boxes, we are dedicated to serve our valued customers the best way possible.

We have been trying to supply the best quality products to our customer at the most reasonable price, at the shortest delivery time. With the prosperity of our customers in mind, we promise to deliver the best services we can. KIP products are produced under stringent quality control, from the first step of purchasing raw materials to the last step of developing finished products by systematic quality management and rigorous testing. Our exert ourselves to the utmost to satisfy our customers at every aspect.

Once again, thank you for your interest in KIP.

KIP
THE BEST GEAR MAKER

History

- 
- Jun, 1967** Established the Kum-lip Gear company
- Nov, 1986** Change name to Kyung-In Precision Machinery co., Ltd. (incorporated)
- Sep, 1998** ISO9001 certification was awarded.
- May, 2000** Business tie up was concluded with Sumitomo.
- Mar, 2002** win a president official commendation as a frontier enterprise
- Sep, 2002** CE mark was awarded for worm gear box.
- Oct, 2002** Business-operation tie-up was concluded with SEISA.
- Nov, 2002** ISO 14000 Certification was awarded.
- Sep, 2004** New grinding machine 'Hoefler Rapid 1500' introduced.
- Nov, 2005** Technical tie-up with Samsung SDS to develop Korean rapid-transit railway
- May, 2007** Awarded 'Global Standard Management' the highest award from the Korea Association Corporation
- Dec, 2008** awarded 'The Best Trader in Korea' by Ministry of Knowledge Economy.
- April, 2009** Win a 'Seal of Excellence' certification from KOTRA (Korea Trade-Investment Promotion Agency)
- Aug, 2009** Gleason-Pfauter P3020G is introduced.
- Aug, 2009** 7000mm Hobbing machine is introduced.
- Mar, 2011** Ansan-city factory starts to Production.

KIP

THE BEST GEAR MAKER

KIP stands for Kyung-in Precision Machinery Co., Ltd.
Blue printed 'KIP' has the same pronunciation with 'keep' and it represents our management philosophy - **'keep promise'**
The red printed **'the best gear maker'** represents our ardor in being the best gear maker

Export Status

KIP products have been being delivered to more than 20 countries

-
- the United States of America
 - Philippines
 - Mexico
 - Indonesia
 - Japan
 - Malaysia
 - Thailand
 - Taiwan
 - Singapore
 - Vietnam
 - UAE
 - India
-

Management philosophy

Management by principle

Gain confidence of customer
by producing the best quality

**The Best
Quality**

KIP WAY

Respect each other and
achieve the best results

**Human
Respect**

Possessing ardent passion
that turns the impossible
into possible

**Challenge &
ardor**

KIP
THE BEST GEAR MAKER

**Globla
Mind**

Challenge the global market
with a high
level of competitiveness

Moving Forward

KIP values

Sprit

Dedicate all our
passion to make the
best efficiency

Rightness

Pursue the path of
righteousness to be
the best quality

The Best

Love

Love oneselves,
colleagues and
customers for
the best results

Economization

Minimize cost to
achieve the best
price competitive

Application

Various applications of KIP products

A. High Speed gear

Generator / Turbine / Increaser

B. T/M for Elevator

C. T/M for Locomotive

D. Reducers

- Agitator (Mixer)
- Conveyer
- Cranes

Container

Main hoist / Boom hoist / Trolley drive
Gantry drive / Traction drive

Mill duty

Main Hoist / Auxiliary
Bridge and trolley travel

Industrial duty

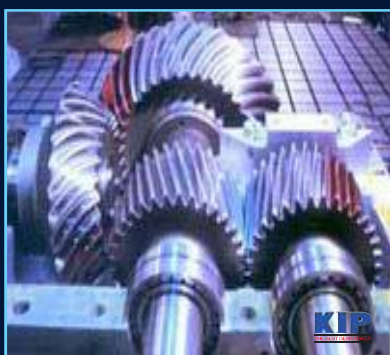

Main hoist / Auxiliary
Bridge and trolley travel

- Crusher
Stone or ore
- Elevator
Bucket / Centrifugal discharge
- Metal Mills

Main drive / Reversing / Slab pusher
Shears / Wore Drawing

- Metal Strip Processing Machinery
Bridles / Coilers & Uncoilers
Edge Trimmers / Flatteners / Loopers
Pinch Rolls / Scrap chopper
Shears (Dividing, Crop Cobble Etc.)
Slitters
- Mills rotary type
Ball & rod
Cement Kilns
Dryers & Coolers
- Paper Mill
Calender / Dryers
- Plastic Industry
Intensive internal mixer / Batch drop mill
Calenders
- Pump
Centrifugal / Batch drop mill / Calenders
- Rubber Industry
Mixing mill / Cracked mill / Calenders
Intensive internal mixer
- Oil & Gas Industry
Pump Jack / Drilling machine
- Aluminum Segment

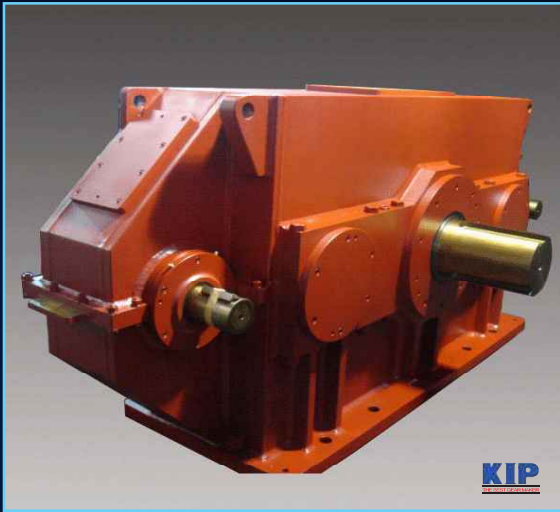

KIP custom gears

KIP gear box

KIP gear box

KIP gear box

KIP
THE BEST GEAR MAKER

PRODUCT

Gears

- Spur gear
- Internal gear
- Precision worm gear
- Single Helical gear
- Double helical gear
- Rack gear
- Straight bevel
- Spiral bevel

Gear Box

- Standard type speed reducer (parallel shaft type)
- Custom gear box
- Parallel shaft type gear box (single/double helical)
- Right angle gear box
- Worm gear box
- Screw Jack
- Planetary reducer
- Speed increaser
- Special gear box
- Overhaul

ETC

- Gear coupling
- Flexible flange coupling
- Slewing bearing
- Point machine
